Bioassay Report: V23B_large_bioassay-1

Aubrey Moore and James Grasela
University of Guam Coconut Rhinoceros Beetle Biocontrol Project

October 27, 2019

Contents

1	Summary	2
2	Mortality	3
3	Change in Mass	4
4	Post Mortem Images	5

1 Summary

Summary not available for "V23B_large_bioassay"

2 Mortality

	bioassay_treatment	ntotal	ndead	mortality	adjusted_mortality	significance
0	control	27	2	0.074074	0.000000	1.000000
1	virus	26	12	0.461538	0.418462	0.001756

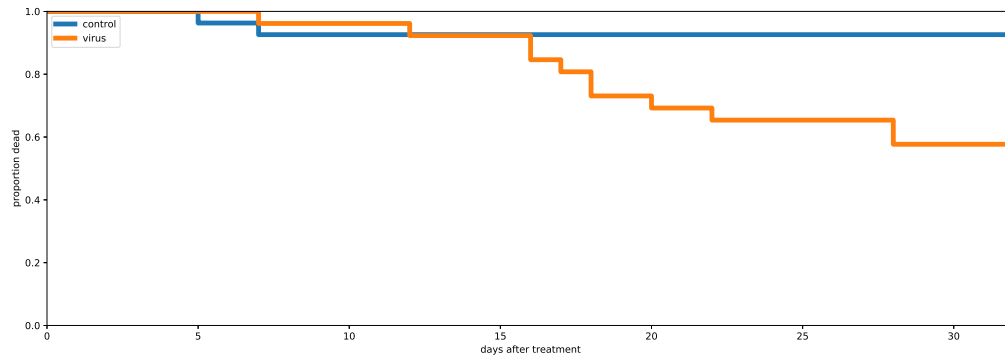

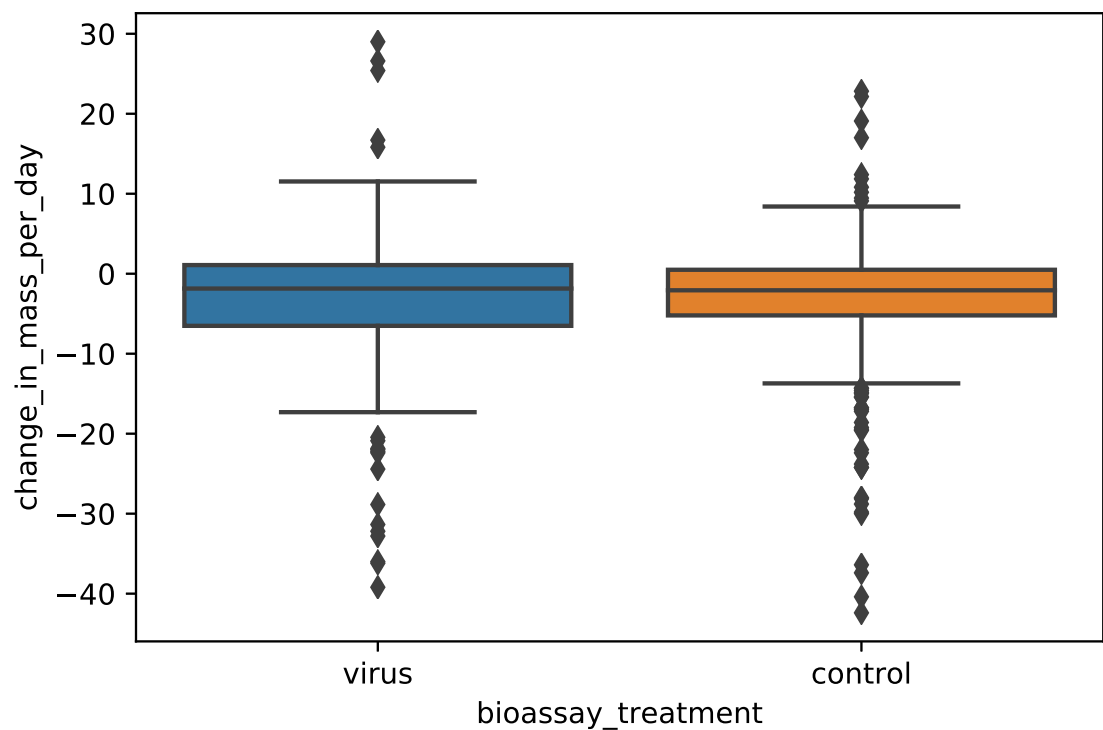

Table 1: Pairwise differences among mortality curves.

		test_statistic	p
control	virus	9.25025	0.002355

3 Change in Mass

Change in mass section goes here.

	control	virus
control	-1.000000	0.766286
virus	0.766286	-1.000000

4 Post Mortem Images

No post mortem images have been uploaded for this bioassay.
